

How does DataMap determine Special Education Teachers and populate the 'SpEd?' column?

Article # 1998

Answer

DataMap determines Special Education teachers when they are tied to a course coded as SE or SP.

To verify in StudentInformation, follow the breadcrumb trail:

StudentInformation > Management > School Administration > Scheduling Administration > Course Maintenance > Courses

On the Courses screen, choose one of the fields to search by to search for the course. When the course appears, click on the pencil icon.

Course: ... Grade Level:

Area of Study: Course Subject Area:

EMIS Subject Code:

		Code ^	Name	Area of Study	Subject Area	EMIS Subject Code	Is Active
<input type="checkbox"/>	<input type="checkbox"/>	3ENG	English - 3			050152	

Show Active Only

Then click on the EMIS tab. Under the EMIS tab, the course would either have a SE or SP code for the Student Population field for a Special Education course.

General	Marks	Miscellaneous	EMIS	Pre/Co-requisites
3ENG - English - 3				
EMIS Location IRN:	002279	(Only required if different from the current building, optional if same as current building)		
EMIS Location Description:	Bellville Elementary Scho	(Only required if EMIS Location IRN = '999999')		
EMIS Staff Provider IRN:	*****			
EMIS Course Level:	* - Not applicable			
EMIS Subject Code:	050152 - Integrated English Language Arts K-3			
EMIS Subject Area for Credit:	*** - Not Applicable (Does not qualify for High School Credit)			
EMIS Language Used:	E - English (Default)			
CORE Subject Area:				
CTE College Credit:	N			
Curriculum:	OT - Curriculum Not Specifically Covered By Another Option			
Delivery Method:	FF - Face to Face Classroom Instruction			
Educational Option:	NO - Not an Educational Option Course			
Student Population:	SE - Special Education K-12			
Highly Qualified Teacher IRN:				
Credit Flex:	N - The course is not a Credit Flexibility Course			
Report to EMIS:	<input checked="" type="checkbox"/>			

If a student is in the class, the Special Education teacher's name will display in DataMap on the Student search.

If multiple teachers are tied to the class, then the first teacher in alphabetical order will display.

The Student Roadmap will list all Special Education teachers who are associated with the student.

When a student is enrolled in a course with a Student Population of SE – Special Education K-12 the SpEd? column on any related tables for the student will then be checked off for that student.
