Activities

- For activities that teachers have set up to allow a file upload, when students click to upload the file and select the **Google Drive** tab, students will see a message that alerts them that the **Connect to Google Drive** button is temporarily disabled.

ProgressBook Alert Email Notifications

- Parents and students who are subscribed to **ProgressBook Alert** email notifications for missing assignments and/or low marks will now see the following message in the email notifications they receive to inform them that they can unsubscribe from receiving the alerts:

  > "If you do not wish to receive email alerts, unsubscribe from ParentAccess Notification emails by updating your account settings."

  In this message, the word "unsubscribe" is a link parents/students can click to open the **Alerts** screen and manage their email and alert settings.

  Note: *Parents/students who receive ProgressBook Alert email messages on a mobile device and click the* ***unsubscribe*** *link will open the* ***Alerts*** *screen in a browser window and not in the Frontline ProgressBook Parent & Student mobile app.*

ParentAccess v24.1.0 Release Notes

This document is an overview of updates in ParentAccess v24.1.0.

Included in this release:

- Enhancements
    - ParentAccess

Related documentation is available in the Learning Center. To access this resource, log in to ProgressBook and click **?** (Help icon) in the top-right on any screen.

Enhancements

ParentAccess

- For activities that teachers have set up to allow a file upload, when students click **Upload**, a selection list with the following options now displays:
    - **Local File:** Students select to display a standard Windows file selection window. Students navigate to the location of the file on their local machine and select the file.
    - **Google Drive:** If your district has configured Google Drive integration with VirtualClassroom, students can select to add a file from their Google Drive. If they are not currently logged in to their Google Drive account, the **Sign In with Google** screen displays before they can proceed to select the file.
    - **Microsoft OneDrive:** If your district has configured **Microsoft OneDrive** integration with VirtualClassroom, students can select to add a file from their Microsoft OneDrive. If they are not currently logged in to their Microsoft OneDrive account, the **Add New Resource** window displays with the **Connect to OneDrive** button. Students click **Connect to OneDrive** and log in to their Microsoft OneDrive account before proceeding to select the file.
- In the specific scenario below, students using Google Drive or Microsoft OneDrive to create a response to an Essay question for a Quiz must now make their file shareable within Google Drive or Microsoft OneDrive before they upload it to ParentAccess (for example, set the file to "Anyone on the internet with the link can edit"). This is only required when a teacher has added the Quiz with the following settings:

- In VirtualClassroom, the Quiz must have at least one Essay question with the **Allow Students to Upload a File** checkbox selected and for which in the **Allowed File Types** field, any file types for Google Drive or Microsoft OneDrive are selected.
- In GradeBook, on the **Assignment Details** screen, **Main** tab for the Quiz, the **Third-party documents submitted as files?** checkbox is selected.
