

Troubleshooting the Where Kids Count Report

Overview

- WKC Report
 - generated using EMIS data from traditional districts, ESCs, community schools, and STEM schools
 - contains result codes that indicate where each student will count for accountability measures
 - should be verified prior to assessment data arriving
- This presentation will focus on troubleshooting the WKC Report
 - resolve data reporting issues
 - verify data for accuracy and completeness

Outline

- Where Kids Count (WKC) Process
- Majority of Attendance (MOA) IRNs
- Student Attending Situations
- Data Collector WKC Report
- WKC Result Codes and IRNs

WKC Process

- Districts assign MOA IRNs to students based on Full Academic Year (FAY) criteria that are specific to assessment requirements
- Districts report student EMIS data that is used in WKC calculations (How Received, Sent To, LEP, etc.)
- WKC Reports contain WKC IRNs and WKC Result Codes assigned based on district data

Majority of Attendance IRNs

Assigning MOA IRNs

- IRN of the building or district where a student is continuously enrolled from the Friday of the first full week of October through the MOA End Date
 - This timeframe is referred to as a Full Academic Year (FAY)
- Districts should update the MOA IRN as each MOA date passes and should not wait for the final date to populate all records
- Located on the Student Attributes – No Date (FN) Record
- Not used for JVSDs
- ESCs must report MOA IRNs for preschool students

MOA End Dates

MOA End Dates are based on assessment requirements, not whether student actually took the test

Grade	Test	MOA End Date	Participation Date
Students in grades PS-8 and untested students and alternate assessment students			
Any	Untested	March 19	NA
	Alternate Assessment: ELA, Math	March 19	March 19
3-8	Next Generation Spring: All Subjects	April 13	April 13
Students who were first time ninth graders BEFORE July 1, 2014			
9-12	OGT (Reading, Writing, Math, Science, Social Studies); NOT TAKING American History or American Government	March 19	March 19 (R/M only)
	OGT (Reading, Writing, Math, Science, Social Studies); TAKING American History or American Government	April 13	March 19 (R/M only)
Students who were first time ninth graders AFTER July 1, 2014			
9-12	Next Generation Fall: taking ELA or Math and not taking any spring assessments	April 13	December 15
	Next Generation Spring: all spring assessments	April 13	April 13

Participation Date

- Date that ODE will use for the Participation Rate calculation
- Student Standing (FS) and Student Attributes –Effective Date (FD) Records are used to determine if and where the student was enrolled on the Participation Date

Grade	Test	MOA End Date	Participation Date
Students in grades PS-8 and untested students and alternate assessment students			
Any	Untested	March 19	NA

MOA IRN Levels

- Building Level - Student continuously enrolled in one building in the district for the FAY
 - Report the building IRN
- District Level - Student continuously enrolled in the district for the FAY but enrolled in multiple buildings
 - Report the district IRN
- State Level - Student not continuously enrolled for a FAY
 - Report *****

MOA IRNs

- Must be a building or district IRN that belongs to the reporting entity
- Resident/Sending district reports the building IRN the student would attend in the district for the following students
 - School aged student educated at an ESC
 - Post Secondary student
 - Student educated at County Board of Developmental Disabilities
 - Joint Vocational School Student
 - Contract Career Technical Student

FAY Exception

- A student who is enrolled as of the Friday of the first full week of October, then leaves the district, and then returns to the district prior to the end of the school year will be considered as continuously enrolled for a FAY if reported with these codes
 - CE - Court ordered institutional placement in a facility as defined by ORC §2151.65 or §2152.41
 - CI - All court ordered institutional placements other than foster care and facilities defined by ORC §2151.65 or §2151.41
 - NI - Non-court ordered or foster care institutional placement

Gen Issues MOA Error

027 Majority of Attendance – Roll-up to the State

- Error occurs when 20% or more of students have a MOA that roll-up to the state
- Check count of students reported with MOA IRN of '*****'
- Accountability and Continuous Improvement, contact Adam Schiming
 - Adam.Schiming@education.ohio.gov

Accountability IRN

Students simultaneously enrolled in two buildings or attending a special program in another building are reported with the IRN of the responsible building

- Report an Accountability IRN to count the student at the responsible building on the Student Attributes – No Date (FN) Record
- Must be enrolled for a FAY to report anything other than *****
- To report an Accountability IRN, the MOA IRN must be a building
- If not applicable, report an Accountability IRN of *****

Software Demonstration

Since attendee software varies, ITCs should demonstrate the process in the applicable student information software system to assign MOA IRNs

- Use the Student Information System (SIS) to demonstrate how MOA IRNs can be viewed or exported for data verification

Quick Check

MOA IRNs and Accountability IRNs should be assigned and carefully reviewed for accuracy as these are a critical element in the WKC process.

- Are MOA IRNs assigned for all students at the correct level?
- Have students who were not enrolled for a FAY been reported with an MOA IRN of *****?
- Have accountability IRNs been assigned correctly?

Quick Check

The WKC processes use EMIS coding to determine where students should count. The majority of students should count at the reporting entity at the building level. EMIS coding should be carefully reviewed to ensure that all students are appearing on the WKC Report correctly.

- Are your non-traditional students correctly coded for EMIS?
- Are student Limited English elements reported correctly on the Student Attributes - Effective Date (FD) Record?
- Are Foreign Exchange students reported correctly on the Student Attributes Effective Date (FD) Record?

Quick Check

WKC Reports are contained within the Level 2 Validations. WKC Reports should be reviewed often, so keep a baseline report and consider saving reports in an Excel workbook for easy comparison as subsequent WKC Reports are reviewed.

- Can you open and prepare the WKC Report from the Level 2 Validations?
- Do you have a process for frequently reviewing the report and saving your work between reports?
- Are you sharing this report with other district staff for verification purposes?
